# Greetings . . .

FOR *Fall.*

Once again the seasons have rolled around. We wish to take this opportunity of welcoming to the ranks of flower growers two fine gentlemen who have this past season purchased our entire stock of plants. Mr. Paul Anderson and Mr. L. J. Briscoe have a strong interest in the growing of fine plants and for several years we have known Mr. Briscoe who has had wide experience in the florist field.

Flower growers can consider themselves fortunate in meeting and knowing these two fine lovers and growers of flowers and we can assure you that your orders will receive the same degree of attention and care in filling as we have attempted in the past.

We also want to take this opportunity of bidding our many flower friends adieu in as much as the elder Mr. and Mrs. Geiser are retiring from business and our son and daughter-in-law are continuing with their war interrupted education. Thank you again,

The Geisers

Greetings! And thanks to the Geisers for the introduction above. Being new to the growing of iris but having had experience in growing peonies and greenhouse work for several years, we will endeavor to give you the most and the best for your money and at all times give you the most satisfactory service. We have omitted several of the older iris from this catalog and as time goes on, we will confine our growing to a smaller number of varieties but will always aim to carry the very best quality that may be purchased anywhere. Complete "Terms of Sale" will be found on the inside of the back cover.

This year we are accepting orders for filling only in order of rotation received; first come, first served. No stock reserved for later shipment. Hence, it is recommended that you place your order early and if at all possible give a second choice when ordering.

Now a word about our show gardens. Since we are moving our plantings and stocks to a new location in Salina, the iris in the fields and gardens may be viewed this year (1951) at the Beloit location of 10 3/4 miles south and 3 West of Beloit. It is not our intention to have a lavish display garden and this year if viewing the iris, bring your hiking shoes (and maybe overshoes) and an ample lunch for you won't be able to make the rounds all in 10 minutes. If you pay us a visit come on some day other than Sunday to avoid the crowds. For the 1952 season we plan to have display gardens open to the public at our Salina, Kansas location and announcement of same will be made in our 1952 catalog.

Kansas sunshine, plenty of rain and rich soil makes for plenty fine big healthy roots. We don't claim to grow the largest roots in the world but we do believe we have the hardiest and the best acclimated roots which will do well anywhere.

Now a word about those orders you expect to be sending us soon. We like to receive them just as soon as possible after you receive our catalog so we can process them ahead of the summer rush of digging. Plant orders unlike other commodities must be placed ahead of planting time to insure your getting what you want. This is especially important this year when we will run short on many of the more popular sorts.

We regret that under no circumstances can we fill your order other than in rotation received. Of course all orders will be acknowledged giving approximate date of shipment.

Every year thousands of people when visiting the fields and gardens bring along their cameras for Kodachrome pictures of the iris fields. Again we urgently request that not everyone come on Sunday—3,750 visitors in one day (which the Geisers had one Sunday last year) is just too many!! Those who can come during the week should do so. Large groups of visitors and Garden Clubs should contact us in advance in order to partially prevent 3 or 4 clubs from arriving on the same day to view the gardens.

This year we will have arrangements made whereby visitors to the gardens may select the iris of their choice, leave their order for the roots by making a deposit of 25% of the order and we will ship the order (via parcel post COD for balance due) at the proper time when the digging season starts sometime after July 15th.

During other than iris digging and blooming season, we may be contacted in person by calling telephone No. 9141 or No. 3933 Salina, Kansas. May we have the opportunity of proving to you the quality of our products?

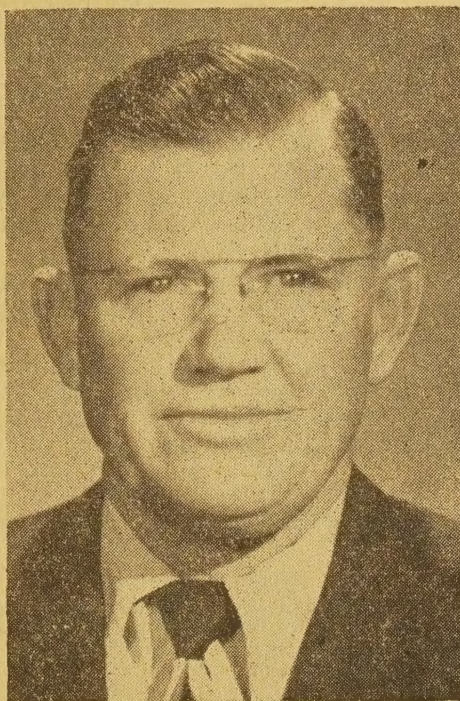

Yours for more beautiful flowers,

Paul Anderson

# IRIS

## "Our Specialty Flower"

In the following pages you will find our complete listing of the numerous varieties of iris grouped into sections for Dwarf, Intermediate, Tall Bearded, and Re-Blooming. Additional sections for different iris families will also be found as follows:

The **Apogon Iris** includes the Spuria, Siberian and Miscellaneous Iris sections.

The **Subgeneric Hybrids** includes the section we have listed as Miscellaneous Bearded Iris.

### Iris Descriptions

To conserve space in our catalogue we have resorted to a "code" system of presenting information. Height given in inches follows the name with season of bloom next indicated by letters E-early, M-midseason or L-late. Fragrance denoted by \*. The American Iris Society permanent ratings (based on 100 as perfect) immediately precedes the color description.

Winners of various Iris Society medals are indicated by HM (Honorable Mention), AM (Award of Merit), DM (Dykes Medal), GM (Gold Medal), and SM (Silver Medal).

For the 100 best iris for the year 1950 see section entitled "Iris Hit Parade" listed elsewhere in this catalog.

Dykes Medal winners are also indicated by being set in larger size type (also see complete listing of these found elsewhere in this catalog).

### Free Iris Premiums

For complete details see inside back cover of catalog.

### Iris Collector's Items

For complete listing of the older "antique" iris for which you may be looking, see section "Iris Collector's Items" located at close of "Iris" section.

### Bargain Collections

See special grouping listed elsewhere.

### 1950 INTRODUCTIONS

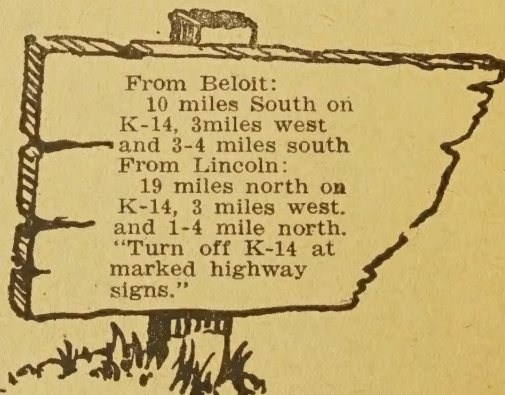

The following two varieties of iris were introduced by The Geisers last year. Because of the large number of sales and small stock available, we are leaving the price the same for this year so we may increase our stock. Place your order early if you really want some of these dainty stemmed Table Iris unsurpassed for table bouquets.

#### Precious Gem

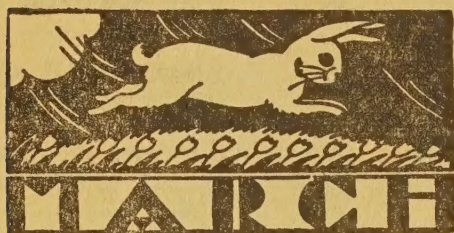

(Nelson 1949), 24" tall, midseason. Formerly Seedling No. 47-44. In originator's own words: "This rose plicata comes from an interesting line of breeding, being the second generation cross of Parisiana and Alastor. Flower of good form. Standards stitched and stippled purplish. Falls with white field. Vigorous grower and good increaser." We are sure you will fall in love with it as we have. .... \$10.00

#### Precious Jewell

(Nelson 1949), 34" tall, midseason. Formerly seedling No. 47-46. "A purplish red blend. A sister seedling of Precious Gem. Standards nicely closed, perilla purple. Falls darker, medium purplish red. Beard heavy, deep golden. Both standards and falls edged brown. Growth vigorous with plenty of increase." A very dainty stemmed iris for the border. .... \$10.00

# Dwarf Bearded Iris

For the rock garden and along the walks, nothing is so charming as these prolific, suitable hardy sorts which bloom from March until the middle of April (and some even later). Due to the increased interest in these Tom Thumb iris and because many of the newer ones challenge the colorful hues of their taller brethren, we offer the ample collection below.

Prices Postpaid if total iris order is \$3.00 or more. Complete cultural directions furnished.

Please give 2nd choice or allow us to Substitute.

- Alinda**, 8" EE, wine red, pale blue beard, tops in this color class .... **.60**

# Intermediate Bearded Iris

## APRIL FLOWERING

This group of iris generally come into bloom after the early dwarf iris and some even bloom late into the tall bearded season. The height on these run from 18" to 28" inclusive as this is the currently used classification of The American Iris Society.

To lengthen your iris blooming season, try some of these — the colors are just as bright as their tall bearded brethren. Prices Postpaid if order totals \$3.00 or more; for quantity prices see elsewhere in this catalog.

Please give 2nd choice or allow us to substitute.

We are proud that for several years we have offered these fine re-blooming iris — iris which in the southern 2-3rds of the country will give two or more crops of lovely bloom. Every year we have picked blooms in the fall until freezing weather sets in.

These iris are hardy as other iris but they should be given a short rest after the spring blooming seasons then watered heavily to produce the succeeding crop of bloom; divide frequently.

For quantity prices see elsewhere in this catalog. Prices postpaid on all iris orders of \$3.00 or more.

Please give 2nd choice or allow us to substitute.

# Miscellaneous Bearded Iris

(Eupogocyclus, Eupogoregelia, & Misc.)

There is always something new under the sun and particularly in iris. In this group are found the results of crossing two distinct races of Irises to produce heavily veined and netted or marked petals. Through involved breeding and crossing of "Eupogon" and "Pogon" iris we have the "Oncobreds," the "Mohr" family, and many other oddities all of which are perfectly hardy.

These like a dry, sunny location and we have found each one winter hardy if the newly set plants are lightly covered in the late fall. Complete cultural directions furnished with each order.

For quantity prices see elsewhere in this catalog; prices postpaid on Iris orders of \$3.00 or more.

Please give 2nd choice or allow us to substitute.

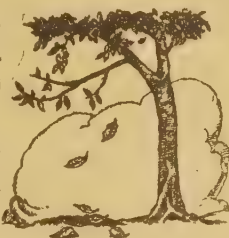

Altamohr, 38" M, orchid violet .....	3.00

# Iris HIT PARADE

Below, we have presented in condensed form, the results of recent American Iris Society Symposiums, and ranking of Iris by a leading west-coast iris grower. The Symposium is a ranking of iris by American Iris Society judges throughout the U.S.A. and Canada based strictly on the popularity of the variety regardless of color, performance, etc.

This section has been repeated this year because it proved so popular with our customers last year. Descriptions may be found elsewhere in this catalog.

American Iris Society Symposium Numerical Ranking						Included in Leading Grower's 100 Best

#### SPACING FOR GROUPS OF IRIS IN THE GARDEN

#### SPACING OF IRIS

For planting in your garden, space as above. By having the toes of the iris pointed inward, the clump will grow with an open center allowing full sunlight to enter. If planting in rows, plant tall bearded sorts about 10" to 12" apart and rows about 18" apart.

Noel, M, pure white faintly suffused cream, HM .....	.50
Noonday Sky, 42"EM*, lavender blue, white beard .....	.35

## NEW BOOK ON IRIS

2nd Edition . . .

"The Iris - An Ideal Hardy Perennial"

A big 226  
page book  
packed with  
iris lore, this  
interesting  
book written  
by sixteen  
outstanding  
experts will  
add to your  
enjoyment of  
iris growing.  
For the be-  
ginner there  
are notes on  
how to plant  
your iris,  
how to keep  
them in good  
health and  
how to use  
them effect-  
ively in the  
garden. For

the fancier there is the botanical back-  
ground of the iris family, a chapter on  
genetics, the mechanics of pollination, and  
suggestions on hybridizing. For everyone  
there are notes on diseases and pest con-  
trol. flower photography, Dykes Medal  
irises and many valuable lists of the bet-  
ter varieties. Well illustrated. Price of  
permanent cloth binding \$2.50 or heavy  
paper binding \$1.50. They make excellent  
gifts for your friends. Order direct from  
us.

# Iris Collector's Items

Due to lack of space for complete descriptions, we have listed below many of the older varieties of iris all of which are just as colorful as many of the newer ones and in most cases more hardy. So hurry, hurry, for in all probability you will never again be able to secure these sorts in as much as we have been the only firm in the country carrying the majority of these items—they will be permanently "out of commerce" once we are sold out.

Please include 2nd and 3rd choice when ordering.

Prices POSTPAID on all orders of \$3.00 or more.

Prices on all varieties: 3 roots of one variety for 45c; or 10 roots of 1 variety for \$1.20.

**Note:** In the following Iris descriptions, (DB) indicates Dwarf Iris; (IB)—Intermediate Iris; and (RE)—Reblooming Iris.

Abednego, blue white

Zwanenberg, (IB), grey lav. & buff

**NOTE:** Since we furnish roots of above varieties from old established clumps, the individual rhizomes will not be quite as large as divisions from young plantings. However, this in no way impairs their growing ability and their blooming in your garden. Usual Guarantee (see inside back cover) still applies to these iris.

## World's Largest Collection

*Iris*  
all  
types  
sizes and  
heights

OVER  
1900  
VARIETIES  
OF IRIS

Yes, sir that's what we have growing in our collection.

Next year, 1952, we hope to have a fine display garden set up at Salina, Kansas for your convenience in viewing the choicest varieties of iris, peonies and fine spring flowering bulbs. However, for this year you may view the stock in bloom at the old Fair Chance Farm location near Beloit, Kansas.

## IRIS IN THE FIELDS

Here is a typical iris row as seen growing in the nursery fields. Strong hardy plants sure to give you lots of fine bloom. For a long season of bloom, select some from dwarf, intermed-  
iate and tall bearded varieties. We have also had reblooming iris in bloom for 7 months out of a year.

There is al-  
ways plowing  
to be done on  
an Iris Farm.

# Siberian Iris

Easy to grow—every garden should have some of these slender grass-leaved slender stemmed iris. Unsurpassed for flower arrangement and landscape work, they should be planted in clumps. Colors range from white through blues, purples and purple-red.

Plants shipped in late September or very early spring. Orders from this section must total \$3.00 or more to be Postpaid (otherwise add 25c for postage), unless other items are ordered to be shipped at the same time.

**Blue Wings, 36"** purple blue with white patch on F ..... **.45** Each

### HOLD EVERYTHING!!

Yes sir! We're puzzled many times for we receive orders for iris and narry a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

Please give complete name and address with every order. please!

### A TYPICAL IRIS RHIZOME (Tall Bearded Variety)

Here is a sample of an iris rhizome as they grow in the fertile Kansas soil. of course when the roots are dug and made ready for shipment both tops and rootlets are trimmed to eliminate moisture evaporation while in the packing box. If roots ap-

pear somewhat dry, it is no cause for alarm for iris rhizomes at time of digging have gone temporarily dormant much as tulip bulbs do when they are dug. We have on a test kept iris out of the ground for 3 years, planted same and they still grew and bloomed the following year.

### NEW OFFICE—NEW LOCATION

We wish to extend to the previous customers of Fair Chance Farm (whose stock we have just purchased) and all new customers a most hearty welcome and an invitation

to visit us at our new office location of 129 South Seventh, Salina, Kansas. We are sharing a location with a sister company, namely Briscoe Floral Co. who will cater to local retail floral trade. Mr. L. J. Briscoe and Mr. Paul Anderson are also operators of this local floral retailing establishment.

# Spuria Iris

The unexcelled cut flower of the Iris family. With leaves resembling the Siberian Iris but much coarser and roots resembling a rooster spur, they form spikes of blooms not unlike gladiolus. They flower right after the peonies.

Shipped late in September and October or very early spring; cultural directions furnished.

Orders from this section must total \$3.00 or more to be Postpaid (otherwise add 25c for postage) unless other items are ordered to be shipped at the same time.

## SAVE THIS CATALOG

The horn of plenty may soon run out—paper is becoming more and more scarce. We may not be able to put out a 1952 catalog so please save this catalog for future reference.

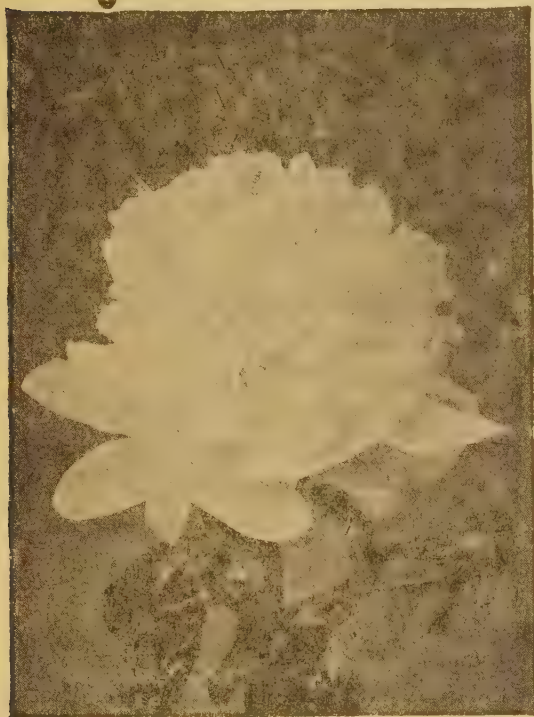

Yes sir! We're really puzzled many times for we receive orders for iris and narry a name signed on the order. Or other times we receive an order and no address is given. We have several such orders on file right now and we can't ship the iris.

Please give complete name and address with every order, please!

# Peonies

FOR DECORATION DAY

Unsurpassed as cut flowers these fine perennials can also be used for landscape purposes. Grow your own peony blooms—why buy them? Season of bloom indicated by E—early, M—midseason, or L—late; fragrance by \*, number immediately preceding color description is the American Peony Society rating based on 100 as a perfect flower.

Shipments begin Sept. 20th—shipments made in spring until about April 1st.

Minimum Peony order accepted \$3.00.—Prices POSTPAID. Strong 3 to 5 eye, disease free, hand-dug roots furnished.

Complete cultural directions furnished with every order.

leafed red ..... 1.50

## Miscellaneous Items

Quality to  
Grow About

On all the items below,  
you will find that they  
will make an excellent  
addition to your flower  
garden, to your perennial  
border or to your table.

Only strong plants furnished; shipped ei-  
ther late Fall or early Spring. Order from this  
section must total \$3.00 or more to be Post-  
paid unless other items are ordered to be  
shipped at same time.

### HARDY GARDEN PLANTS

Each  
**Asparagus,** long tips and rust resistant, easy  
to grow your own:  
Martha Washington, old favorite hardy  
sort ..... 6 for 35c or 12 for .50  
Paradise, more tender and rust resistant  
..... 6 for 40c or 12 for .60

No. 1 size root divisions:  
Giant Victoria—giant stalks in green and  
pink ..... 2 for .40

### HERBS

Unexcelled when used in soups, salads,  
vegetable dishes or with meats. Also very  
ornamental flower garden plants; field grown  
divisions furnished.

**Allium,** (Flowering onion), best grown in  
clumps in full sun. July-August flowering,  
lacy blooms, grassy foliage; for rockery  
wall or border planting.  
**Purdomii,** 6", showy lilac umbels, short  
foliage from Tibet ..... .35  
**Schoenoprasum,** 18", commonly called  
Chives, purple bloom ..... 2 for .35  
**Sibericum,** 10", lavender ..... .35  
**Artemisia** (Wormwood), aromatic foliage for  
use in the kitchen and in flower arrange-  
ments; for dry location, yellow umbels in  
late summer:  
Albula Silver Queen, 36" silver foliage,  
fine for winter bouquets ..... .45  
Garlic, of the onion family, use chopped tops  
or edible root bulb for seasoning and dress-  
ings ..... 3 for .25  
Horseradish, grind roots for making hot  
sauces or seasoning ..... 3 for .25

**Piperita (Peppermint)** ----- 2 for .30  
**Rotundifolia (Applemint)** ----- 2 for .30  
**Salvia officinalis (Sage)**, 30", use dried leaves for seasoning ----- 2 for .30  
**Tanacetum vulgare (Tansy)**, 36", leaves for omelets, salads and stews ----- .30

## ORNAMENTAL VINES

Use some of these hardy wall or ground coverings which will provide a lovely background for other perennials.

Each  
**Clematis**, 30", fine to cover trellis or ugly fence:  
**Texensis Coccinea (Bell Clematis)**, June, luxurious foliage with bell shaped scarlet flowers ----- .80  
**Lonicera Japonica Halliana (Hall's Japanese Honeysuckle)** 25", June, fragrant pure white flowers, for trellis or ground cover, evergreen ----- 2 for .50  
**Lycium Chinese (Matrimony Vine)**, 12", rapid growing free branching, bright purple star-shaped flowers succeeded by brilliant red berries, for fences or ground cover .40

## HARDY PERENNIALS

The hardiest varieties for the most trying conditions—that is what we have listed below. Every sort has been tried and you will find them a welcome addition to your perennial border.

**Achillea**, for open sun, fine cut foliage and cluster type flowers:  
**Millenfolium Cerise Queen**, 15", July, bright rose ----- .35

**Chrysanthemums**, you can't go wrong with these late blooming flowers. Each variety is very hardy and all are early blooming. Strong field grown divisions; shipment in early spring and late fall (for special collection, see separate section for collections in catalog):

**American Beauty**, 30" M, large old rose recommended for this section ----- .35  
**Betty**, 38" L, apple blossom pink with deep rose center ----- .35  
**Burgundy**, 36" L, large double wine red .35  
**Chris Columbus**, 38" ML, white pompon with yellow buds ----- .35  
**Dee Lee Ahrens**, 38", E, free flowering white ----- .35

As quick as we can,  
 to the Postoffice we  
 go to speed your  
 order on its way.

**Fiesta**, 34" L, orange rust pompon --- .40  
**Goblin**, 38" ML, double reddish bronze .35  
**Golden Hours**, E, free flowering bright lemon ----- .40  
**Honeycomb**, 30" ML, small golden yellow pompon ----- .35

Low growing, compact bushes covered with a mass of bloom, sometimes called Azaleamums. These are very hardy and start blooming earlier than regular exhibition mums listed above.

**Lavender Lassie**, 30" E, pink cushion - .55  
**Santa Claus**, bronze red ----- .30

**Chrysanthemum Maximum (Shasta Daisy)**, large flowered daisies excellent for cutting or for perennial border:

**Alaska**, 24", June, lovely white -- .35

**Mayfield Giant**, extra large choice white ----- .40

## PLEASE SEND ORDERS EARLY

Please let us have your orders as early as possible—first orders received are first ones shipped when we start digging shortly after July 15th on

iris or Sept. 15th for peonies. Convenient order blanks may be found at back of catalog; or if you prefer use any piece of paper and send your order along. Do not send orders to the farm location—mail to:

Salina Flower Farms  
 Box 539  
 Salina, Kansas

<i>Spicata</i> , 36", blue spikes	.25
<i>Viola Pedata</i> (Bird Foot Violet), 10", bird foot shaped leaves, white flowers	.35

## Winners of Iris Dykes Memorial Medal

Due to the many inquiries we have regarding the Iris Dykes Medal Winners of the past years, we offer the information given below assembled from bulletins of the American Iris Society.

All varieties, except one (*Margot Holmes*—not hardy with us) are now growing in our gardens.

The Dykes Memorial Medal, instituted in 1926 to commemorate the work of the late W. R. Dykes in "advancing appreciation of the iris," has been awarded to outstanding varieties in England, France, and America. The method of choosing a Dykes Medal Winner in England is quite different from the system followed by the American Iris Society for the American award. In England the medal is awarded to a new seedling, while here it is chosen from Award of Merit winners of a three-year period. The following awards have been made to date (where no variety is listed, no award has been made in that year):

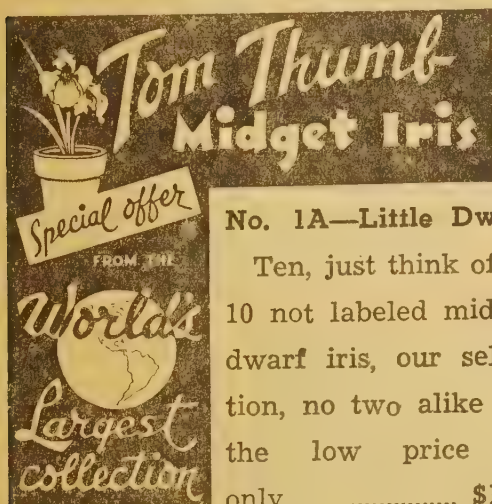

Year	America	England	France
1927	San Francisco	<i>Margot Holmes</i>	
1928			
1929	<i>Dauntless</i>	<i>Joyance</i>	<i>Pluie D' Or</i>
1930		G. P. Baker	<i>Vert Galant</i>
1931		<i>Gudrun</i>	<i>Depute Nombolt</i>
1932	<i>Rameses</i>		<i>Jean Cayeux</i>
1933	<i>Coralie</i>		<i>Eclador</i>
1934		<i>Golden Hind</i>	<i>Alice Harding</i>
1935	<i>Sierra Blue</i>	<i>Sahara</i>	<i>Mme. Louise Aureau</i>
1936	<i>Mary Geddes</i>		<i>Mme. M. Lassailly</i>
1937	<i>Missouri</i>		<i>Olympio</i>
1938	<i>Copper Lustre</i>		<i>Nicole Lassailly</i>
1939	<i>Rosy Wings</i>		<i>Antigone</i>
1940	<i>Wabash</i>	<i>White City</i>	
1941	<i>The Red Douglas</i>	<i>Mabel Chadburn</i>	
1942	<i>Great Lakes</i>		
1943	<i>Prairie Sunset</i>		
1944	<i>Spun Gold</i>		
1945	<i>Elmohr</i>		
1946			
1947	<i>Chivalry</i>		
1948	<i>Ola Kala</i>	<i>Mrs. J. L. Gibson</i>	
1949	<i>Helen McGregor</i>	<i>Blue Ensign</i>	
1950	<i>Blue Rhythm</i>		

# Rainbow Collections

Here you will find all the brilliant colors rivaling those of nature's rainbow. Order any of these collections by number—all are POSTPAID if part of a \$3.00 or more order. We are listing a large number of these collections by color only for we will thereby be able to give you a better assortment of plants if we are allowed to select from named varieties of which we have a surplus. Every collection worth two to three times more than the price asked. (★ Note: That portion of your order made up of collections is not subject to additional FREE Premiums (as outlined on inside back cover) as collections are already heavily discounted.)

## No. 1A—Little Dwarf

Ten, just think of it, 10 not labeled midget dwarf iris, our selection, no two alike for the low price of only ..... \$1.00

## No. 2A—Easter Candle

Eight different early April blooming Intermediate Iris, our selection, not labeled—have some iris in bloom when others don't. A bargain ..... \$1.00

## No. 3A—Antique Shop

From the Iris Collector's Items section of this catalog—all top-notch iris in their day you may select 12 roots, all different, 2 of a kind or how-ever you want them (be sure to include 2nd choice as stock is limited on many) for only ..... \$3.00

## JOIN A FLOWER SOCIETY

Every true flower lover will enjoy the quarterly bulletins (or yearbooks) published by the separate societies, each containing a wealth of information on their favorite flower. In addition there is the close contact with a group of people interested in your own hobby. Many of the societies sponsor flower shows, annual meetings or conventions and garden club tours. Annual memberships are as follows:

★ American Iris Society, Quarterly Bulletins, \$3.50

★ American Peony Society, Quarterly Bulletins, \$5.00.

American Horticultural Society, Quarterly Bulletins, \$5.00 (★ if you are a member of American Iris Society then dues are \$3.50).

**Membership Offer**—With every \$20.00 order of stock we will pay ½ the cost of any membership above marked with ★. Merely include remittance for your ½ share cost of membership and indicate on your order which membership you desire. Offer good for new members only—no renewals.

All checks for membership may be made payable to "Salina Flower Farms" and we will forward direct to society concerned.

**No. 4A—Magic Slipper**

Something new for the modern irisarian. Four lovely orchid-like Siberian Iris labeled our selection for  only ..... \$1.25

**No. 10A—Reblooming**

From our surplus named varieties labeled by color only (please indicate special number and color desired):

Color	10 roots of one color
Lavender & Violet	\$1.15
Yellow .....	1.25
White .....	1.35

**YOUR IRIS WILL GROW**

Yes, your iris will grow and give fine blooms as they do for us but please don't be alarmed if the rhizomes and fine rootlets appear somewhat dry upon arrival—this in no way endangers the roots for iris must be packed dry to keep them from sweating inside the packing box and arriving in a soft-rotted condition. And please do not ever soak the roots in water prior to planting—such practices are almost a sure guarantee of causing the rhizomes to rot—merely plant as directed in cultural direction folder and water lightly.

**BORDER PLANTING OF DWARF IRIS**

Here is a typical view of how the low growing dwarf iris may be used to advantage in edging walks or iris beds. They are low growing and bloom ahead of their taller brethren thereby extending your blooming season. See Dwarf Bearded Iris Section for full assortment of colors.

## Please Read Carefully

**GENERAL:** This price list cancels all previous listings and is subject to change without notice. Special quotations to legitimate dealers and nurserymen on request stating want list of varieties or colors desired.

**TYPE OF ROOTS:** Plants are vigorous and acclimated to this section assuring their success in any garden. Only disease free STATE INSPECTED non-irrigated First Class plants sold. However, please remember that not all varieties have giant size roots.

**SUBSTITUTIONS:** When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

**GUARANTEE:** All stock guaranteed true to name, of the finest quality and to reach you in a live and growing condition. Claims must be presented within 10 days after receipt of stock and plants returned to us at our expense. Full refund (or replacement) will be given including return charges.

As an additional protection for you, we guarantee our stock to grow in your garden or replacement will be made at  $\frac{1}{2}$  current catalog price Postage Prepaid. Claims limited to six months from date of shipment. **Guarantee does not apply to Eupogon (Bearded) Iris shipped in the spring.**

**TERMS:** Cash with Order. Orders \$3.00 and over, shipped POSTPAID anywhere in the United States. Add 25c extra for orders less than \$3.00. All C.O.D. orders shipped C.O.D. for postage and all value charges.

**Foreign Customers**—sorry no foreign orders this year.

**Residents of Kansas:** Include 2% State Sales Tax on all orders.

**MINIMUM ORDERS ACCEPTED**—certain plants must be packed and shipped separately. See paragraph headings of each section where applicable.

**TIME OF SHIPMENT:** Orders filled in rotation received as follows—Eupogon & Pongon Iris—July 15th until ground freezes. Spring until about April 10th. Siberian, Spuria & Misc. Iris—Fall beginning Sept. 15th; spring until about April 10th.

Poppies—August 20th to October 20th.

Other Items—Late fall and early spring.

**FREE Iris:** In addition to pricing our stock low, on orders \$5.00 and over, we will give additional iris equal to 10% of your order. We select the variety from among our higher priced surplus sorts but you may indicate color preference.

**RESERVATIONS and FUTURE SHIPMENTS:** All orders booked for shipment as soon after July 15th as possible; orders booked for shipment in order received. Peonies and other items which must be shipped later will be booked for shipment in order received.
